American FactFinder (AFF) Activity

Scenario:

You are developing a grant application for a Community Development Block Grant (CDBG) for **Los Angeles County, California**. This grant is to support the revitalization of the county and include funding for elderly programs, economic development, and job creation for residents at the low-to-moderate income as well as persons with disabilities. Your assignment is to locate data for the most current year or requested year for the **Asian population of the county** and identify the data source from one of the below listed.
